Vina-Tech was established in 2007 by a group of IT experts, and has rapidly become the Pioneer in IT Infrastructure Services Provider, offering a comprehensive range of Consulting, Management, Implementation, Training and Support Services to clients across the region. We serve as a prime contractor for CEO's, CFO's and CIO's with a charter to improve IT service performance, reduce IT infrastructure TCO and obtain regulatory compliance. We also consult with IT outsourcers to achieve ITIL certification, perform new contract due diligence, improve operations and exceed their SLA's.

Our business guideline is…

"Vina-Tech's mission is to supply the most appropriate IT solutions to meet customers' demands."

Why should you choose Vina-Tech Solution?

- **Superior ability…**

Vina-Tech is the leading company in Vietnam about Information Technology Solutions. Vina-Tech is the consultant who deploys successfully important information technology solutions in Financial Banking, where demands and requests of information technology standard are extremely strict and documents are important.

- **Power from human resource…**

We have IT experts abroad who are experienced and have a profound command of Vietnamese market and operation. Besides, there are also leading experts in Vietnam, which create a firm foundation for customers' success.

- **Wonderful ability to satisfy…**

Vina-Tech is a successful supplier of IT solutions in many fields: Finance, Banking, Insurance, Enterprises of Produce, Service, Education, Public Service…

What makes Vina-Tech's service superior & differentiated?

At Vina-Tech Corp., we are helping our clients to plan, execute and manage various IT related infrastructure to create business value. Our areas of expertise cover consulting in IT strategy, implementation & management, IT service Management, Network monitoring & Capacity management to optimize IT investment and achieve highest possible ROI.
